About Us

Tshidiso Wheel and Tyre is a full-service tyre workshop specializing in the sale of brand-new tyres for a wide range of vehicles, including passenger cars, commercial vehicles, trucks, buses, and off-the-road (OTR) tyres for earth-moving equipment. We also provide comprehensive tyre management services, including tyre repairs and maintenance, to ensure long-lasting performance and safety.

Founded by Tshidiso Kgoa, Tshidiso Wheel and Tyre builds upon the family legacy of running a successful tyre business. Inspired by his experience managing his father's enterprise, Tshidiso embarked on his own journey to establish a company that not only serves the community but also contributes to the local economy and youth employment.

VISION

Our vision is to become the leading one-stop workshop for all vehicle owners, offering a comprehensive range of services for vehicle maintenance. We aim to be recognized for our reliability, efficiency, and commitment to customer satisfaction. Through excellent service delivery, we plan to expand our footprint across the Northern Cape and, in the future, into other provinces across South Africa.

MISSION

At Tshidiso Wheel and Tyre, our mission is to prioritize our customers by ensuring they receive exceptional service that enhances the safety and performance of their vehicles. Additionally, we are committed to addressing the challenge of youth unemployment by providing training and employment opportunities, empowering young individuals to develop valuable skills for their future careers.

TARGET MARKET

Local vehicle owners (passenger cars, mini-bus taxis, buses)

Commercial fleet owners

Truck and bus companies

Companies operating in mining and logistics sectors with heavy-duty vehicle fleets

We aim to make vehicle maintenance easy, efficient, and accessible for all our customers, ensuring their vehicles meet safety and compliance standards.

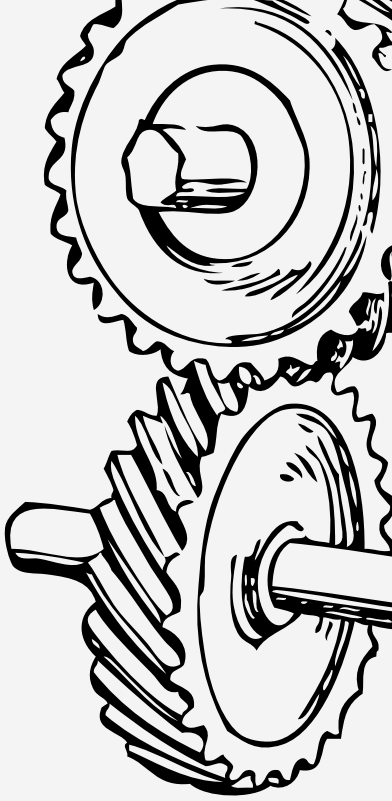

Our Services

Brand-New Tyres: High-quality tyres for passenger cars, commercial vehicles, trucks, buses, and earth-moving equipment
